RE: PS Docket No. 17-78, E911 Location Accuracy

Pursuant to 47 C.F.R. §20.18(i)(2)(iii), and PS Docket No. 17-78, North Dakota Network Co. ("NDNC"), dba SRT Wireless, submits the attached certification to meet compliance with the location accuracy standards relating to dispatchable location, or x/y location within 50 meters for 40 percent of all wireless 911 calls.

North Dakota Network Company is a non-nationwide Commercial Mobile Radio Service provider that does not provide service or report quarterly live call data in any of the six Text Cities.

If you have any questions, you may contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read 'John Reiser', is written over a horizontal line.

John Reiser

E911 Location Accuracy Benchmark

Certification of Compliance

PS Docket No. 17-78

CERTIFICATION

I, John Reiser, hereby certify that I am an officer of North Dakota Network Co. ("NDNC"), dba SRT Wireless, and that I am familiar with and have responsibility for NDNC's indoor location accuracy compliance as set forth in 47 CFR §20.18(i) of the rules set forth by the Federal Communications Commission.

As of April 3, 2017,

1. NDNC does not provide service or report live call data in one or more of the Test Cities,
2. NDNC is providing dispatchable location or x/y location information with 50 meters for 40 percent of all wireless 911 calls,
3. NDNC has deployed the indoor location technology or technologies used in its networks consistently, with the manner in which such technologies have been tested in the test bed, and
4. NDNC has verified based on its own live call data that it is in compliance with the two-year benchmark set for at 47 CFR § 20.18(i)(2)(i)(B)(1).

John Reiser
Chief Operations Officer
